Not to alarm anyone but I wanted to know how it works legally if we want to send the army against the convoy. It's not to share with media, it's to do some push back

We don't need to invoke the emergencies act. It is the National defence Act, I believe. Will double check on that but that is my understanding.

Mon, Feb 14, 3:34 PM

We are good for you to do media on this tomorrow

Calling you back

Confirmed:
